PART 2-RULES: As a participant, I will adhere to all UHSAA Rules and By-Laws outlined in the UHSAA Handbook, some of which are included in the commitment statements listed below.

CHECK EACH BOX BELOW as an indication of your understanding and commitment.

- I will conduct myself in a manner that promotes good sportsmanship. I will respect the game and all participants.
- I establish my initial eligibility by attending, trying out or participating with any member high school (Art. 1, Sect. 1).
- I shall lose my eligibility to participate in UHSAA athletic activities for twelve months if I transfer from one high school to another after establishing eligibility (Article 1, Section 9).
- I may participate in only one season per sport in any school year. A tryout is considered participation in a sport and an unsuccessful tryout concludes my eligibility for that season. If I do not make this team, I cannot tryout at another school for this same sport during this school year (Article 1, Section 3).
- I cannot participate in more than four seasons in any one sport (Article 1, Section 3).
- I must obtain a physical examination prior to competing in any athletic contest (Article 1, Section 13).
- I must meet the scholastic eligibility rules of the UHSAA which include a minimum 2.0 GPA on a 4.0 scale or its equivalent and no more than one failure in the preceding grading period (Article 1, Section 8).
- I will not compete with any non-high school team in this same sport after the competition start date for this sport (Article 1, Section 12). For competition start dates see the UHSAA calendar at www.uhsaa.org.

- I will not promote, distribute or use illegal substances as defined in Utah Code and the UHSAA alcohol, drugs and tobacco policy (Article 10).

- I will not compete for money or accept any cash awards in any organized athletic activity (Article 1, Section 6).
- I could lose eligibility for one full year if involved with recruiting. Recruiting of student-athletes by a member school, coach, coaching staff, boosters or anyone else is considered a serious violation of UHSAA rules regarding the imposition of undue influence for the purposes of athletics. In the case of a student who, upon first entry, attempts to establish eligibility at a high school outside the boundary of their residence, the following may be considered as evidence of recruiting and if proven, the athlete could lose eligibility for one full year and may result in serious sanctions against the school (Article 1, Section 9 & 10):
 - Students have attended a sports related camp with coaches associated with a UHSAA member school outside the school boundaries of their residence or
 - Students have participated with a “club”, “super-league”, “all-star”, or “select” team or other similar organization with players, coaches, or anyone associated with a UHSAA member school outside the school boundaries of their residence or
